

## **Review for My Teacher Thinks He's Elvis**

*"Hi, Gary, It seems hard to believe that you were here two weeks ago, but it's true. I know that because everywhere I go kids ask me about you and my homeroom class has made up at least 15 more verses to "Head and Shoulders, Baby." I'm sure we are about to wear out the two cassettes, "My Teacher Thinks He's Elvis" and "Songs From My Mother's Knee." (notice in their letters that they say I'm putting them in the recorder. Nope. It's them.) Needless to say, you were a hit, a BIG hit, and we all...students, teachers and administrators...loved having you here." **Pat Cordes, 6<sup>th</sup> grade teacher, J.F.Dulles Elementary School, Cincinnati, Ohio***
